

Are you able to assist this fire season?

We found that one of the most powerful and empowering tools was a simple list of people willing to help other dog

owners to transport or house their dogs.

This was done as needs unfolded.

To be better prepared and ready to act this season, we would like to begin compiling this list now.

If you are able and willing to help out anyone who may be affected by bushfires (or other disasters in future) please fill in the following form and return it to the office.

We will keep the list at the office and provide it to all regional emergency coordinators. In the event of a fire or other emergency situation the list will also be posted online so the people in need of assistance can directly contact you.

If your situation changes in future or you no longer wish to be on the list just contact the office and request to be removed.

Emergency Response - Registration of Assistance Available

Name: _____

Phone Number: _____ Mobile: _____
(please provide at least one phone number)

Suburb: _____ (to better allocate quick assistance)
